ABOUT US

The Society for Polymer Science, India has had a checkered history of more than three decades. The Society was established as Professional Society in March 1979 under the guidance and leadership of Prof. H. Kothandaraman and had its office at Madras in Department of Polymer Science, Anna University, Madras. Dr. R. A. Mashelkar, Ex-Director General, CSIR was elected as the President of this society in 1991 during the Symposium Polymers '91. In order to establish a vibrant national-level professional society to help to shape national policies in the area of polymeric materials, a decision was taken in February 1995 to unite all existing polymer-related societies in India under one banner e.g. The Society for Polymer Science, India. Prof. I. K.

Kaushal Kishore Memorial Award In Polymer Science 2014

Professor Satish A. Patil

Indian Institute of Science, Bangalore

For his important contributions towards the development of conjugated polymers with remarkably high electron mobility using creative synthetic strategies which holds the potential for development of disorder-free conjugated polymeric systems and towards design of conjugated polymers for achieving optimal transport characteristics for use in organic electronics and optoelectronics.

Kaushal Kishore Memorial Award In Polymer Science 2014

Professor M. Jayakannan

Indian Institute of Science Education and Research, Pune

For his significant contributions towards recognizing the influence of subtle molecular structural features on the morphology of self-assembled structures in conjugated oligomers and polymers, development of novel methods for the utilization of amino acid derivatives for the synthesis of thermoplastic polymers and synthesis of hydrophobically modified polysaccharides for potentially interesting biological applications.
